FOREWARD:

We would like to welcome you to our 7th on farm Ram Sale.

It feels like each year we comment on the weather and this spring was certainly one we won't forget in a hurry!! 220mm of rain in September (just on 24% of our annual rainfall) certainly made lambing challenging and feed has been tight right up to recently.
The last 12 months has seen some exciting new ventures for us. We purchased the best ewes from the Moeraki Downs Coopworth Stud and alot of these ewes are mated to North Island genetics so we are excited to see how these develop.
We also secured a new farm and take over 'Keppoch' in Moa Flat in 2027. This will be an expansion for us and we will look to winter around 13,000 su next winter with this on board. We are excited to expand our commercial operation.
We use the best ram lambs in our commercial operation currently and will continue to do so on a larger scale in 2027, challenging our genetics program even more.

We are really proud to present this years line up of rams. They certainly did it tough over the spring as they were shorn just as all the wet arrived.
With grass tight the 'do ability'of the rams has came through and we believe this years line up is as good as we have had.
We can give people confidence that the genetics we are producing can handle any environment.

This year we are offering 166 rams across a range of breeds. We feel offering a large selection allows greater decision making around ram selection. We also feel we have rams for everyones budgets with a large majority of the rams in 2025 selling in the $1000 to $1500 price range.
We want people to choose the rams they like and feel the auction method allows people this opportunity to look at a line of sires and choose the ram they like.
We will also have rams available for private sale across all the breeds so feel free to talk to us if this is your preferred option.

We are offering 70 Coopworth rams across the 2 studs.The 2 Coopworth studs are run 100% independent of each other on seperate farms. We use different sires but often swap ewes to give us a stronger linkage under SIL.. Both studs have similar breeding philosophies and between the two makes us one of the largest stud Coopworth operations in the South Island.
This allows us to select only the top rams for sale... we believe it's about quality not quantity. All the rams have been through a vigorous culling regime and only 20% of rams born make it through to our sale mob. We believe there is little difference between the first and last ram up in the sale... something we are extremely proud of. We have really focused on meat and growth over the past 10 years and the results we see through our commercial operation and feedback from clients is demonstrating to us the genetic gain we are making in these areas.
We believe our Coopworth are certainly dual purpose... retaining the strong maternal ability that the breed is renowned for but having strong caracse qualities that allows clients to achieve superior results using these genetics without having to cross terminal sires across their maternal flock. We have included the SIL Dual purpose percentile Band in the catalogue to show where our Genetics sit compared to other breeds and breeders via SIL.

Susies family started the Beechwood Romney Stud in the 1950s and in the year 2000 they went 100% North Island bloodlines. In 2014 they sold the farm at Culverden and purchased a smaller block at Rangiora.
We took 100 of the best Romney ewes and have ran them with our ewes under our management now for 10 years. The Rams have been sent back to Rangiora and sold from there each year to clients historically.
We are are offering 15 Romneys for sale.

In 2025 we mated all our 2020/21 Romney Ewes to a Wharetoa Ram Lamb. This Ram lamb was what we considered the pick at the dispersal sale. These Rams are 50% Romney, 25% Coopworth, 25% Texel.
This is a cross that has really clicked. With our Romney ewes being North Island bred they are very compact ewes and very easy doing.
For the first time we are offering 10 Rams in our sale but we have a lot more in the paddock for sale.

The Glendhu Dorset Down stud was established 55 years ago and is now one of the oldest studs in NZ. This year we lambed close on 250 ewes and as the stud continues to expand we are getting more Rams to choose our sale mob from.
This year we are offering 60 Dorset Downs and our focus on our Dorsets is simple. We want strong growth from birth to weaning with high muscle and lambs that will yield highly. We believe terminal lambs should be killed off mum so this is where our foucs is on.
We believe in using performance data on our Dorsets to help us drive genetic improvement to ensure we use the best genetics we can. We also use it as a culling tool to ensure our terminals have the best data behind them. All low weaning weight lambs or low EMA rams are culled.
This year we offer rams by Okaahu 150/23 for the first time. A ram with a huge EMA and weaning weight he was the top price at the Canterbury Ram Fair in 2024.

For the first time we offer 10 South Dorset Downs. Each 7 days I take out the marked Dorset Down ewes and in 2025 we ran them with a Southdown Ram with a different colour. We have been hugely impressed with the cross. We sold the lower data rams as ram lambs and we have had great feedback on the progeny thats on the ground. These Rams are out of some of our best Dorset ewes and have scanned and weaned extremely well.

We will also be running the sale in conjunction with Bidr. The sale will be live streamed so people who cannot travel will have the ability to watch and bid on the auction from their home.

We look forward to seeing you all and welcome you at any time to inspect the rams or discuss your requirements.

Regards
Fraser and George Fletcher

Terms and Conditions

1. This sale will be conducted under the New Zealand Stock & Station Agents Association Conditions of Sale. When proceeds are credited to a Rural Livestock account the companies terms and conditions apply to the extent deemed relevant. These terms can be inspected at the registration desk and on the wall in the auction room. The current versions of RLL terms and conditions are also available on their website

2. Each lot shall become the property of the purchaser at the fall of the hammer.

3. Finance terms are strictly cash prior to delivery unless credit arrangements have been made with the Auctioneer prior to the sale.

4. The entry of rams in this catalogue constitutes a guarantee of fertility. Any disputes shall be settled by an Arbitrator appointed by the Auctioneer.

5. Although all care has been taken to ensure the accuracy of the information contained in this catalogue, no responsibility is accepted for any error or omission.

6. The Sale will be conducted exclusive of GST.

7. A 6% rebate commission will be paid to outside companies introducing buyers to the selling company at least 24 hours prior to the sale.

8. Transport: Leave full and explicit instructions in regard to transport.

9. Insurance: The Selling Agents can arrange insurance on any stock.

10. If a transfer is required the transfer price will be $3,000.

ALL Rams ARE VET TESTED AND ACCREDITED BRUCELLOSIS FREE

OSH Every effort will be taken by the Vendors, Rural Livestock, their staff and assistants, both on the sale day as well as any visits of inspection to ensure the safety of intending buyers and visitors. We wish however to advise that while this sale is run under normal management conditions, certain dangers exist in relation to livestock and their environment. Visitors should take care to ensure their personal safety.

GLENDHU SOUTH DORSET DOWNS

We used mating crayons on our Dorset Down Ewes. After each 7 day period we take out the ewes that have been marked and mated with a Southdown Ram (Burrows 540/23)

Burrows 540/23 was a high scanning Southdown Ram (26.8), with a high weaning weight (54kg).

The following 10 Rams are all South Dorset Down Rams. These Rams are all bred from some of our best Dorset Down ewes

BEECHWOOD MATERNALS

At the Wharetoa dispersal sale we have purchased what we considered to be the best Ram lamb Wharetoa 33/24.

We mated all our 2020 and 2021 Bechwood Romney ewes to this Ram lamb.

These ewes are all North Island bloodlines (Tauranganui and Pawhiwi).

These Rams are 50% Romney, 25% Coopworth, 25% Texel.
