197 Romney Ewe Lambs @ \$120

T J & F M Burrows, Horrellville

35 Perendale Ewe Lambs @ \$118

Another large yarding of breeding ewes this year at Sheffield. Ewes were entered this year from as far north as Ward & south as Tarras.

With a large yarding buyers could afford to be picky on lines they would bid on. Well bred & good condition stock sold at expected levels, medium condition stock were the hardest to sell while the lighter end met solid demand with buyers bidding to a value.

Most of the ewes were brought by farmers within the Canterbury region with a high percentage heading up to North Canterbury.
