Traditional Heifers: \$2.20-\$2.30/Kg

Lighter X Bred Heifers: \$1.80-\$2.00/Kg

**Approximately 1300 calves yarded for the first of four calendared Calf Sales. There was a huge variation in the quality of stock yarded.**

**Areas into the foothills where there has been some good feed presented. Calves at a similar weight to previous years. Calves yarded from Banks Peninsula and costal areas showed the effect of the dry conditions and lack of quality feed since the spring.**

**Steers with weight and breeding sold well but X Breed calves and calves under 200kgs met with limited demand.**

**This was also mirrored in the heifer section.**
