Effen - 2022 NZ Supreme Champion

Hello and welcome once again to the 24th Brock Deer Elite Sire Stag and Yearling Hind Sale.

This year we will be running a hybrid live auction/ BDR sale. It is always great to see everyone attend but if you can't you will be able to watch and bid via BDR.

This year you will see a continuation of our proven gun sires in Lazarus, The Emperor and Bluerock. And as we look to improve, there is the emergence of our next generation of sires with; Effen, Tsingtao, Amigo, Ultra and Carrington.

Every year we strive to improve the stags we put up for sale and I believe we have achieved that this year with some quite remarkable stags; remembering these are only 3yr olds, they are performing way beyond their years.

This year the velvet production from all of our 3yr old stags really has gone to a new level and the very top echelon of these boys are available for you today. This year we cut 19 stags 3yr stags 9.5kg and over and the average weight of the velvet in today's offering is a quite remarkable 9.23kg.

To go with these incredible weights, we have still maintained great style and quality. These stags also continue to show how important a strong hind base is, as certain lines keep showing up time and time again. All of these factors lead to the fact if you truly want to improve your herd these stags will do the job for you through; velvet weight and style and most importantly breeding.

As usual we will be offering a selection of yearling hinds; with some of our very best embryo progeny catalogued. There will also be semen from some of our best sires and 30x 2yr velvet stags

We look forward to seeing you on the 11th of January 2025

Eddie and Elliot Brock

Absolutely awesome Lazarus son. Tsingtao is right at the cutting edge of what we are trying to achieve. Great 4yr velvet at 11.6kg, and just look at that great long beam. We believe he will help rectify any velvet that has become too short in the beam. Dam L689 also Carrington's mother, which makes this stag fairly irresistible.

This is the first crop of Effen 2yr olds and boy are they good. You don't have to look any further than 2 of this year's top stags in K358 and K373. He was mainly used on first calvers this first year so the sample size is pretty small. Effen is very closely bred to Lazarus and was NZ Supreme Velvet Champion 2022, making this bloodline the most potent in the NZ velvet industry.

193 the absolute thumper of the year; at a ridiculous 12.3kg he has minimal faults for this weight. It used to be difficult to grow one 10kg 3yr a year. This year we grew 12 over 10kg and selling 6 today which is just incredible! Yet another proven bottom line with both Dam Y383 and YY127 producing top stags including stud sires; Fleetwood Mac and Maestro.
